

# Welcome to 4th Grade!

Dear families,

We are excited to work with you to ensure your child has a remarkable 4th-grade year.

This year students will be mastering multiplication and division facts, completing a monthly reading log, reading text and showing evidence, and strengthening their writing. Students will also have nightly homework Monday through Thursday, instead of a weekly packet. Should you wish to prepare your child for 4th grade during the summer, here are some beneficial activities they can engage in:

- Focus on mastering multiplication facts from 1 to 12.
- You can encourage daily reading for 20 minutes.
- Begin working on IXL, accessible through their Clever page.

We have an exciting year planned for our students, and we can't wait to start!

Mrs. Peralta
