

Hello families!

We are so thrilled to have your child in first grade. It's going to be a fun year full of learning and new adventures. Your child will go through this year learning how to be better readers and math problem solvers.

First grade is a crucial year for reading and you will be amazed by your child's reading abilities throughout this school year. It is also a year where students grow independence and responsibility.

This year, students will:

- Improve and increase their reading fluency
- Read 60 words per minute by the end of the year
- Retell a story with who, what, when, where using key details
- ad first grade sight words
- Fluently add and subtract math facts within 20
- Count, write, and identify numbers 1-120
- Write 5-6 complete sentences independently

We are so excited to work with you and your child this year. We will form a great team that will support your child through all of their growth and accomplishments.

Enjoy your last days of summer vacation and we will see you soon!
